

Conditions of Participation for the LaserFreak-Award 2009

Deadline: 12th September 2009

1. The LaserFreak-Award contest for the best laser show is held in three categories:
 - graphic show for a single central projector
 - beam show for a single central projector
 - beam show for three projectors. One projector is at the central position, one projector is located left and right of the central projector at the same height (Satellites). The projectors left and right of the central projector are fed with the same image signal mirrored vertically.
 - The projectors are 30k ILDA Standard Projectors.
2. Each participant can only enter one laser show per category.
3. The laser shows should at least consist of 50% new elements.
4. Laser shows which are older than two years or which already participated in the LaserFreak-Award can not be entered.
5. The laser show should have a maximum length of 6 minutes. If the laser show is longer only the first 6 minutes will be shown.
6. We can play back the following laser show file formats: HE-LaserScan, ILDA Image Data Transfer Format, Laser Design Studio, Mamba Black, Pangolin, Phoenix, Popelscan. The licence number or serial number of the playback system is available on request. The corresponding files have to be sent in until the deadline on a CD or DVD for preview.
7. The videos and media sent in will not be sent back.
8. If the laser show is not available in one of the above mentioned formats it can participate nevertheless. However a video of the laser show has to be sent in for preview. The corresponding playback equipment to the point of the projectors ISP connector has to be supplied by the participant during the LaserFreak-Treffen Regensburg 2009.
9. Participating beams shows must not contain static beams in the lower half of the projection area and must be suitable for audience scanning.
10. If a laser show can not be shown at the LaserFreak-Treffen Regensburg 2009 for technical or safety reasons it can not participate in the competition.
11. If more laser shows are sent in then can be shown at the LaserFreak-Treffen Regensburg 2009 a small jury will preselect the entries.
12. The laser shows will be shown at the LaserFreak-Treffen Regensburg 2009 on one or three laser projectors and will then be rated by the attending audience.
At the end of the event the LaserFreak-Award "Beamy" will be awarded for the 1st to 3rd place in the category graphic show, beam show for a single projector and beam show for three projectors.
We would be pleased if the author or a representative of the author of the laser show is present during the awards ceremony.
13. The participant grants LaserFreak.net the right to use 5 photos and up to 30 seconds video recording of the laser show for promotion of the competition free of charge also on the internet.
14. The signer assures to possess all rights for the laser show and in particular to be entitled to submit the laser show for the LaserFreak-Award.
